

Bipolar Disorder and Reptilian Geneticists -- Chapter 1

Once Upon A Time, in this universe called Super Universe 3, an ancient Reptilian evolution of beings, on higher dimensions, broke up into factions. A few of these groups rebelled against Our Creator God of Love, Light and Truth, and started creating their own worlds. There were good groups of the Reptilian species who were healers, and I have witnessed some of them working through the Psychic Surgeons of the Philippines. Other good Reptilians are working to correct the machinations of the rebel groups. There are at least three destructive rebel groups of Reptilians who cause havoc in our Universe; and who have a plan to genetically take over Earth, and our Milky Way Galaxy. The rebel group called The Draconans are based on the planet El Draco on a higher dimension. Another group is called The Hydra Reptilians; and a third more sinister group is said to be a flesh eating faction. The first two groups seem to be satisfied eating energies from negative thoughts and emotions of others, and controlling their lives.

When this Reptilian take-over plan was revealed to The Light Realms; The higher Light Beings sent many Lightworkers to Planet Earth to stop this dark plan. A great battle with the Draconan and other Reptilian species; "the Serpent that old Dragon", has been taking place on higher dimensions, and in other timelines or realities. It is mirrored in our third dimension Earth. Revelation 12: 7-9 & 20: 2.

The universal rule is that we need to incarnate in a place to interfere or intercede. Planet Earth, which is in Sol Solar System in our Milky Way Galaxy, is still in the middle of this cleansing process, and our higher selves are involved. The Reptilians are powerful warriors, scientists and healers, and they have advanced geneticists who have altered many species in our universe. All of our earth bodies have Reptilian brains left over from ancient times. According to The Hall of Records there have been at least three Reptilian invasions of Earth; one was

in the Adam and Eve time period with the seduction by The Serpent. Genesis 3: 1-5. Tricks like seduction and hypnosis are tools of the Reptilians; their control over Earth has been horrendous. Draconan and other Reptilian limitations on earth life are still in place here; and are very difficult to remove.

The Draconan group once enslaved another evolution of beings that were very gifted, but not yet in Divine Mind; they were and still are in hive-mind, therefore easily enslaved. These gifted hive-beings can install cycles, like the cycles of seasons, into the blueprints of planets like Earth, and they actually did. The advanced hive-members were invited to make changes in the Earth's Blueprint. These hive-beings are known as The Changelings from Super Universe 6. There are good ones and bad ones in this species, like in other species. Changelings are influencing Earth now, orchestrated by the rebel Reptilians. Many of these types of species have also incarnated on Earth with either helpful or destructive intentions. Most of the portals that the higher dimensional, rebel Reptilians come through are in the Middle East, except for Israel which is Holy Land. It is obvious that the Reptilian, blood-thirsty, war influences are in The Middle East as well.

When the bad Reptilians became aware of much higher Light Groups coming to assist the Earth; groups like The Indigo Children, The Blue Babies, and The Crystal Babies, they more aggressively invaded and corrupted the realms where these enlightened souls would receive their Earth Missions just before incarnating.

The Reptilians installed destructive limitations, programs, and genetics in these newly arrived Light Souls to cripple them in their new borrowed Earth bodies, and stop "The Divine Plan." Their Reptilian scientists and geneticists installed diseases and disorders into the brains and bodies of these enlightened souls. This had been done before, but not to this level of Horror. BiPolar/Manic

Depression is one of the most Horrific Neuro-Transmitter Brain Diseases genetically created by these psychopathic Reptilians. This disease activates in

cycles, assisted by the enslaved Changling-Hive species who specialize in cyclic programs. This disease often causes black-outs, seizures, insanity, suicide and murder. This is the explanation in The Hall of Records for the Columbine shootings, and the many children who are killing other children in classrooms. Advanced souls were programmed, as they entered the earth realm, to kill other advanced souls during their childhood period of life.

My oldest son, Richard Alan left his body and his earth life, by his own hand, because he had this incurable, progressive brain disease, and found no relief. All failed him including the newest medications, ECT treatments, counseling & therapy, and his heart felt prayers. His life was pure torment from puberty until death. His birth father's lineage had several suicides in the extended family from this genetic illness. A wonderful doctor, head of the psychiatric department of a major hospital, treated my son for years, and diagnosed him to have the worst case he ever seen. This doctor also treated Alan's son and his uncle. Alan is a very advanced soul, and took on this disease to make a difference. He and the Ascended Master Realms, and Angelic Realms are assisting me in further research of this disease; and of the other horrific Reptilian/Changling Limitations on individuals and groups of Earth, and through-out the universe.

Individuals in the underground lineages that I've studied with, have in the past, refused to come out in public on this subject, because of the level of brainwashing and threats the Earth people are under; and have been under since Lemuria. These individuals I studied with have been attacked by both the human Light Beings here, and the unseen Dark Beings in other realms, for releasing any part of this Truth. We know how to remove some of the Reptilian Limitations, and Changling Programs, including the technologies. We have not yet achieved the Initiation level to be instruments to repair the physical brain, physical genetics, and other damage which has already manifested on a cellular level. I am being shown how to stop this horror from being installed as souls come in, but have not completed my training on the inner planes; I am still involved in the higher dimensional clean-up, and can barely stay in body or even breathe.

Our First Line of Defense, or The Front Line Warriors of The Forces of Light are wounded, dying, and without the back-up help needed from Lightworkers here; just as our physical earth soldiers are lacking much of the assistance and healing we promised them. My oldest son was one of those spiritual warriors, and he had to leave. Alan is busy now on what I call "The New Earth" which I see on 5th and 6th dimension. He is also helping me write this story with the Hope that some of you will assist in the research to find out how these invasions of Our Sacred Planet happened; and how the Horrors were created and installed. He & I have Hope that we will all work together, and do a complete detailed analysis to be presented to Our Creator for the creating of solutions; Mathew 18: 18,19 & 20. I put a Memorial to my son, on my website: www.reikigeorgia.com He accomplished much in his life despite this disease, as any advanced soul would.

We submit this to you with Hope, April & Alan Myrick
